QUANTUM SCHOOL OF BUSINESS
MBA, BBA

It’s your world!
Quantum Global Campus is located at Roorkee, the Mecca of higher education in India in the picturesque state of Uttarakhand. Roorkee is a quiet, scenic town located along the Ganga canal. Given its long history of higher education, it offers a rich pool of highly qualified faculty.

The Quantum campus comprises of aesthetically designed buildings with unmatched infrastructure, including state-of-the-art computer and internet facilities, modern workshops and labs, seminar halls, and well-stocked libraries, gymnasium, games and sports fields. While the Institution encourages its students in the path of academic excellence, great emphasis is also laid on soft skills, English language classes, co-curricular and extra-curricular activities. As such, every Quantum student shall have the opportunity to excel in his or her chosen field.

**Be The Change..**

**B.Sc. (Agriculture)**

It is time the students explored the large agricultural sector for not just a bright career but also a meaningful one. Here's your opportunity to contribute truly towards nation-building.

The demand for trained professionals in this field is huge and diversified. Agricultural giants such as ITC, Monsanto and Cargill, are on the look out for young executives to handle extension services. Since agriculture is a priority area in achieving financial inclusion, many insurance companies and banks also recruit agriculture graduates.

**B.Com (Finance)**

B.Com (Finance) is a unique course aimed at a higher level career placement for undergraduates as finance professionals that have a huge demand in the banking and other sectors. Moreover, by the time the B.Com (Finance) program gets completed, the student covers 80% of the course content required for professional qualification like CA and CS.

The option of pursuing MBA and other non-engineering streams is also wide open for B.Com (Finance) graduates both within India and abroad.

**BJMC (Journalism & Mass Comm.)**

The program includes intense study of the role, responsibility and applications of Print Media, Television and Radio broadcasting. With the diversification of media options, the study of communication has extended to include social media and new media. Students emerge from the course enabled for multiple tasks and skills in mass communication and social development. On account of phenomenal growth of media, BJMC offers very interesting and challenging career options.

..Be the face of modern, young India

Record placements in Uttarakhand for the year 2014-2015

Over a hundred companies from different domains visited our campus in a span of three months and offered great placements to Q-mates. With a record placement in the state of Uttarakhand, and a record package of ₹ 10 lakh, there is a festive mood at Quantum. We are committed to reaching new heights in the future.

PLACEMENTS LIKE NEVER BEFORE

Quantum shares the concern of its students regarding their future. A dedicated department, called the Department of External Program (DEEPRO), with offices at the campus, in Delhi and Dehradun and other key areas is working overtime to network with and source the finest in the corporate world for Quantum.

Time to APPLAUD great achievement

A record package of Rs. 10 Lakh in the very first campus placement drive for 2015 batch.
Quantum is committed to ensure that all its students have a strong core competence in their respective domains and are industry-ready at the time of passing out. To ensure this, Quantum imparts rigorous technical trainings in different streams from 2nd year onwards besides the mandatory summer internship and project work. These trainings are of great relevance to the industry. Due emphasis is also laid on soft skills and personality development of the students from the very first year.
